

Happy #GED2019!! We are proud to be one of the leading companies for exhibitions in China. As an organizer of over 20 fairs annually, we bring high quality visitors with innovative exhibitors together. Our exhibit portfolio includes manufacturing, logistics, auto, ICT, woodworking and flooring, tourism and consumer goods. With high expertise in planning Hannover Milano Fairs sets up international fairs where cutting-age innovation are presented and experts as well as companies get access to a forum to discuss recent and sector leading issues.

Our mission is to bring businesses, experts and interested people from the whole world together to provide them with a platform to exchange ideas, innovation and thoughts. We fulfill the idea what the exhibition industry is about:” The exhibition industry act as a bridge connect different people, different business from different area together.”(Jenny Ding, Admin Director of Hannover Milano Fairs Shanghai) We offer discussions about cutting-age technologies and solutions for business specific sectors. So, become a part of our spirit and register for our next fair.
